"DOLLY VARDEN" DOLL'S HOUSE
 In order to increase the play possibilities and the fun we have designed and produced a new Doll's House, which provides an exquisite setting for the Doll's House Furniture. The house, which is collapsible, is made of reinforced leather board, and when built up it is as strong as a wooden structure. The inside of the container in which it is packed opens out to show a lovely garden with carriage drive, tennis lawn, rockery, crazy pavement, etc., and when the Doll's House is placed in the position marked out for it the effect is unusually delightful.
