	(in 4-Drav	ver Cal	binet)	4	9 6

Specially designed for owners of the smaller Meccano Outfits.

Meccano Mechanisms Outfit This Outfit is complete in itself, but it is designed for building mechanisms only. These mechanisms can be modified as desired for use in Meccano models of all kinds.

Flying Boats, Traction Engines, etc., and thus prov scope for the model-builder to make these and otl interesting electrical modifications to models shown the standard Meccano Model Books.

All the Daisy/matic range are battery operated MULTI-ACTION Toys

Super-Skates

A REVOLUTIONARY SKATING IDEA

slip on . . . push on . . . click, and you're away

Pick 'em up, click 'em on—skate. Just seconds from opening your Super-Skate carrier you can be skating—no straps, no keys needed—the toe slides in, the back clicks firmly into place and you're Super-Skating. Super-Skates with spring loaded toe guards cannot come

off accidentally. The unique securing feature ensures that skate and foot are as one. Super-Skates are built to last, they need no maintenance and no oiling.

Available later

SUPER-SKATES ARE THE ONLY NO-STRAP, NO-KEY SKATES IN THE WORLD
