Turbojet with afterburner

METAL CONSTRUCTION SET

Concorde is a British/French turbojet-powered aircraft with a maximum speed of 1354mph over twice the speed of sound!! Synonymous with luxury and business travel you could fly from London to New York in 3 hours and 30 minutes! Created in association with The Brooklands Museum, Weybridge, UK we have developed a model of Concorde's British Airways G-BBDG aircraft which took its maiden flight in February 1974.

Learn the technical and mechanical diversity of modelling as you build this timeless construction set.

Featuring clear easy to follow colour instructions, high quality stainless steel pieces and specialist tools to complete the job. this fabulous construction set will give you hours of fun.

This is the perfect gift for adults as well as your little engineers! Parental Guidance recommended.
