

# JUNEERO DESIGNER'S CONTEST

In 2 Sections — Junior and Senior.

*An opportunity for all Juneero Users  
to win a Prize.*

We invite designs from Juneero engineers for publication in our standard series of Juneero Design Sheets. All accepted designs will be produced in the same style as those of our own Design Department, but the name of the designer will be given, and payment will be made for every design used.

The design may be for anything that can be made with the Juneero Tools and materials—a useful or ornamental article for the home, a utility idea that can be made up and sold, a working model, etc. If the idea is considered suitable for inclusion in our series of Design Sheets, it will be published under the designer's name. Six complimentary copies of the Design Sheet will also be supplied, so that the contributor can present them to friends. Prizes of £2 2s. 0d., £1 1s. 0d., 10s. 6d. are regularly awarded according to originality and merit. There are also Consolation prizes.

This is a fine opportunity of gaining recognition of your skill and ability, and we hope that YOU will send us your ideas for consideration. There is no entry fee or expense of any kind, and models not accepted will be promptly returned if postage is enclosed.

SEE OVERLEAF FOR CONDITIONS OF ENTRY.

# Juneero Designer's Contest

---

## CONDITIONS OF ENTRY

which should be read carefully before  
submitting your design.

1. Articles must be original (that is they must not be copied from Juneero Design Sheets already published) and must be suitable for making up with Juneero Tools and Materials only. Otherwise there are no restrictions upon the nature of the designs suggested, and both simple and advanced designs will stand an equal chance.
2. **Actual models** must be sent, although they need not be highly finished. It is unnecessary to send drawings as these will be produced by our own Design Department.
3. There are two Sections—Juniors up to 16 years and Seniors 16 years and over, and all entries will be adjudicated in their respective class. Prizes of £2 2s. 0d., £1 1s. 0d., 10s. 6d. and Consolation Awards for winning designs.
4. All models should be securely packed and protected against damage in the post. They should be addressed to:  
JUNEERO LTD., STIRLING CORNER, BOREHAM WOOD, HERTS.  
Be sure to enclose your name and address, printed in block capitals, also state your age and if a member of the Juneero Engineer's Club give your number.
5. Accepted models will become the sole property of Juneero Ltd. If you wish your model to be returned in the event of its being unsuitable, stamps to cover return postage should be enclosed. These should be securely attached by pins or clips to the sheet of paper bearing your name and address.
6. The decision of the Company on any matter arising out of entries submitted shall be accepted as final.
