My Dear Boy,

PRIMUS ENGINEERING PRIZE COMPETITION.

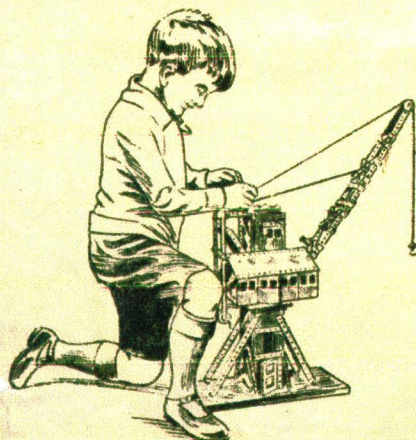

I am very glad to tell you that my Board have awarded you one of the 100 Prizes that were offered following the Third Prize in the above Competition. The Judges think that your model shows a considerable amount of ability and they hope that with the Prize sent, you will be able to further amuse yourself in the construction of other models which, if they are really striking, you will let us have the opportunity of considering.

With very best wishes,

Yours sincerely,
For W. BUTCHER & SONS LTD.
